RE: ELIGIBILITY OBJECTION - CITY OF DETROIT, MICHIGAN, Debtor
Chapter 9 – Case No. 13-53846
Notice of Commencement of Case and Notice of Automatic Stay...
Hon. Steven W. Rhodes, United States Bankruptcy Judge

The City of Detroit has too many assets to be bankrupt. Detroit is no different than hundreds of other American cities that are cash strapped and want to get their hands on retiree pension funds. If the Federal court allows our pension fund to be raided, it will open a flood gate for hundreds of other cities.

My finances depend on my past employer's promise of a lifetime pension after 30 years or more of service. I have made obligations and entered into agreements with financial institutions based on that promise. The Emergency Financial Manager, Kevyn Orr, is treating me as a private creditor of the City of Detroit as opposed to a member of a group of municipal employees protected by the Constitutional laws of the State of Michigan which prohibit this municipality from filing bankruptcy.

Since Mr. Orr wants to treat me as an entity of private industry, then I should be protected by the laws governing retirement in private industry. Mr. Orr should not be allowed to have it both ways.

I object to the City of Detroit being eligible for bankruptcy. Please do not allow representatives of the City of Detroit to take retirees' pensions and declare pensioners just another creditor.

I am a member of the DRCEA and have consented to a committee chosen by that Association to represent me in this matter.

Sincerely,

Olivia Gillon, Pension No. 163460
